

## **1.iPhone Chip Level Course Content:**

Components Introduction

Multimeters Uses

Components & ICs Replacing safe way

Pads Troubleshooting

Tools Using

Glue Cleaning

Schematic, Block Diagram reading & Troubleshooting

Face ID (X,XS,XR,XS Max,11,11Pro,11Pro Max)

VCC & VDD Short Tracing

All Model Touch & LCD Issues

Fault Finding

PCB Maintenance

IPhone CPU Repair A8, A9, A10, A11, A12 & A13

Components Testing

Flow Chart and Tracing

Jumpering Solutions

DC Power Supply

Rebelling Method

Screw Hole

X, XS, XS MAX Motherboard assemble/Dissemble

PCB Layers Scratch

All Baseband & Signal Issues

Real Time Troubleshooting

Connector Replacement Safeway

Troubleshooting Analysis

Motherboard Swapping
